

Brussels August 2020.

FastenBelts Press release Nr02:

Starts :

Fasten your belts !

The first model of the FastenBelts brand will be released in September 2020.

It is a 2 litre BMW Frazer Nash High Speed finishing in 3rd position at the 24 Hours of Le Mans in 1949. An excellent result against other cars featuring a much larger displacement.

In the spirit of the brand, the well-detailed body is very light, featuring high performance on the track.

The kit is supplied with an independent engine pod associated with a specific flexible PLA chassis and four rims with separate inserts.

Stay connected and follow us on the specialized web magazines, forums and our Facebook pages.
